

# Electronic Health Records (EHR) Toolkit

## Toolkit Includes:

- Ability to connect with other EHR users and the Nutrition Care Process (NCP) committee for questions and discussion.
- A customized “road map” to guide you, to the most critical activities for your stage of implementation.
- Access to more than 15 tools and examples developed by experts to start or modify an EHR incorporating the NCP terminology.
- Tool for multiple users at the same or different sites to identify most used NCP terms.

The EHR Toolkit download is available from the ADA Evidence Analysis Library® store [www.adaevidencelibrary.com](http://www.adaevidencelibrary.com) or the ADA Shop [www.eatright.org](http://www.eatright.org)

**2-year subscription cost:**

**Member: \$60**

**Non-Member: \$105**
